

To whom it may concern:

Just recently I purchased a new vehicle that included XM radio. I love it! I have chosen to pay for the service. It is not up to the National Association of Broadcasters to tell me what I can and can't hear on a service that I PAY for. Please do the right thing and support XM's right to provide programming that the supporters of the service want and deserve. Please reject the NAB's petition 04-160.

Thank you!
